

## WeRateDogs Twitter - Data Analysis Insights and Visualization

### Famous Dogs name

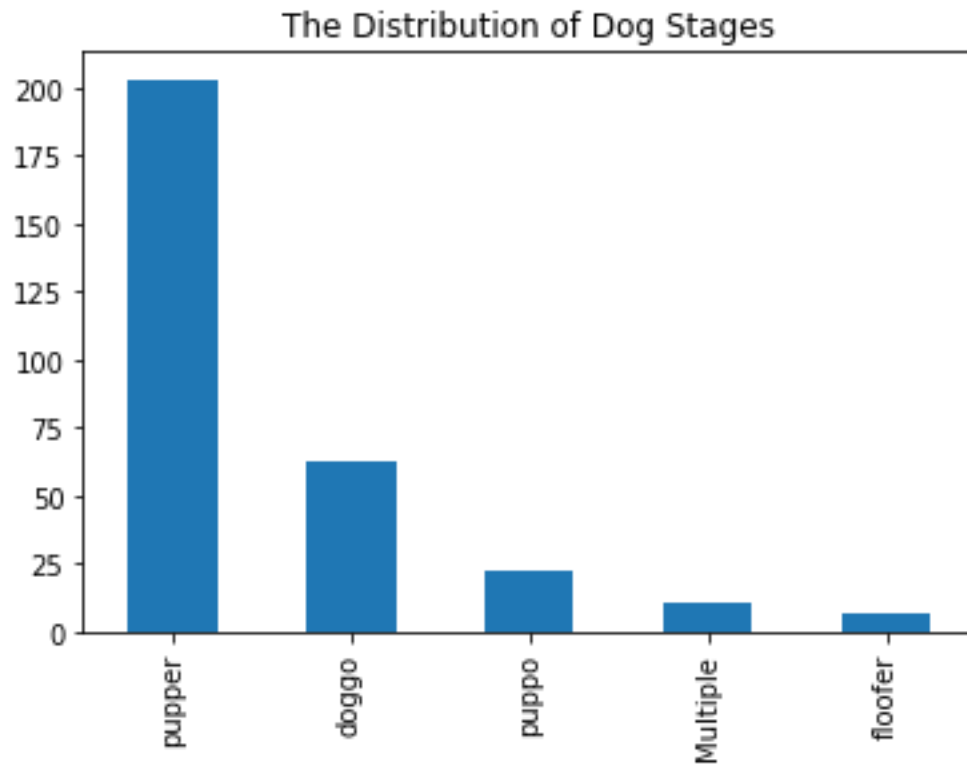

Lucy and Charlie are most famous names for dog names.

### Time vs No of Twitter Post

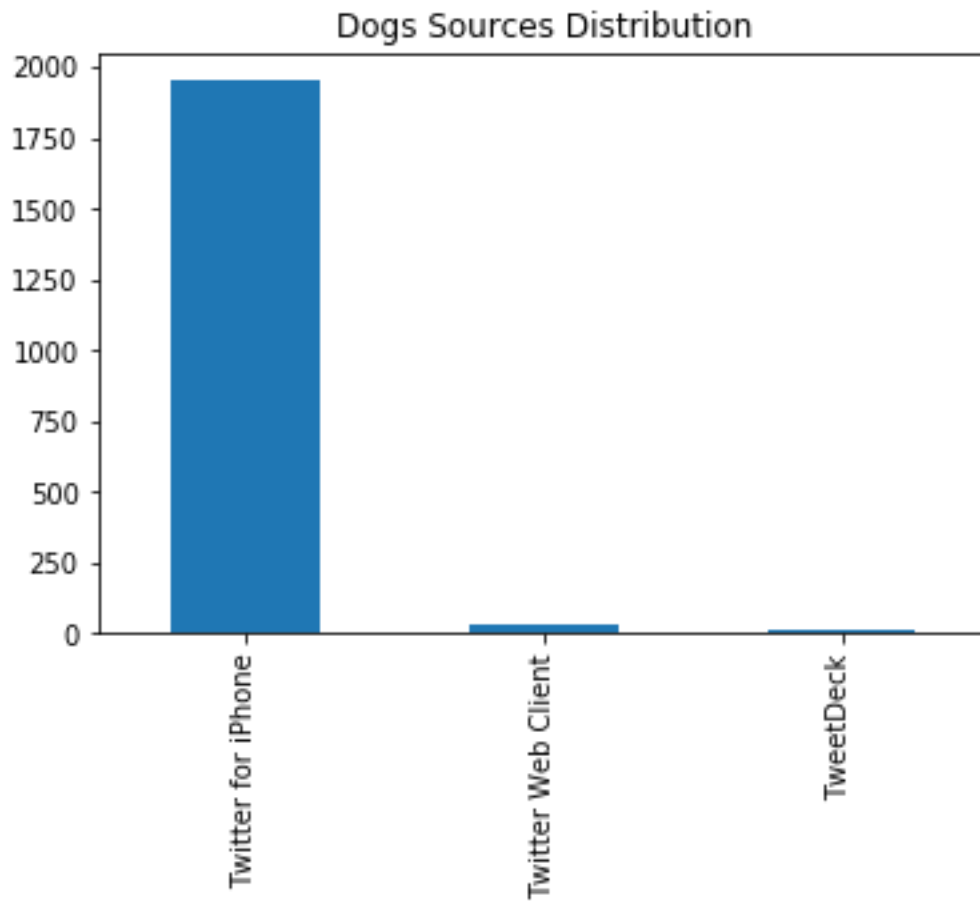

From November, December 2015 and January 2016 has very high no of dog rating by weratedogs twitter accounts. But after that decrease and almost stable till august 2017.

### **Dogs Counts and Dog Stages**

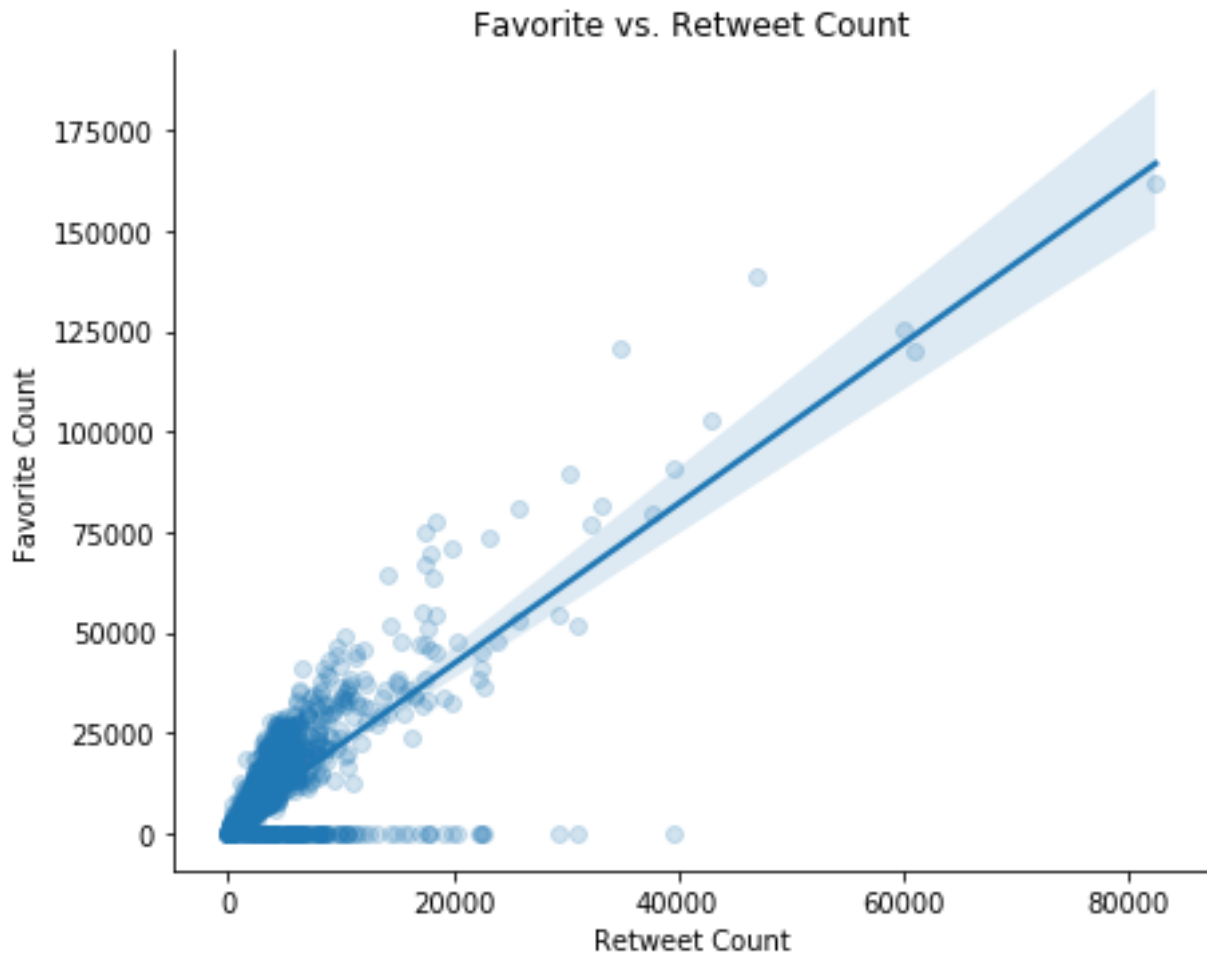

People love kid version of dog rather than elder one because most of the dogs kidish dogs are more cute and lovable than elder one. So that pupper dogs are most given for rating to weratedogs twitter.

#### **Dogs Sources**

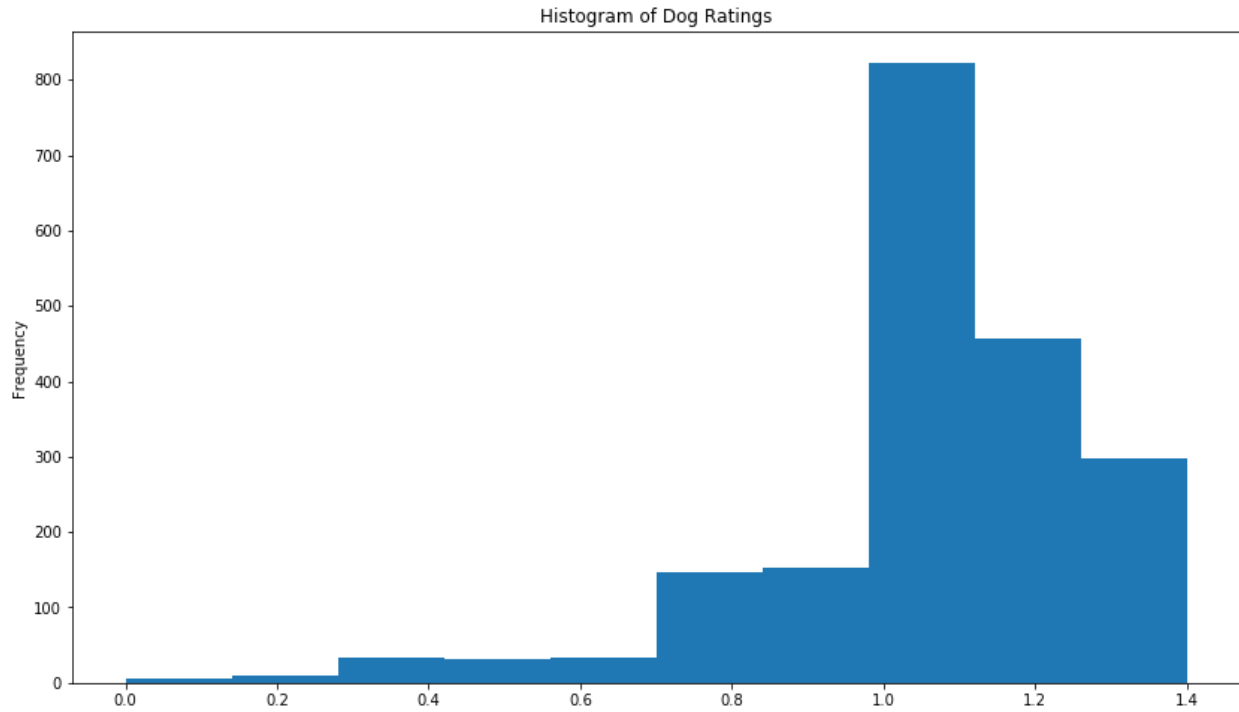

The dominate source of tweets is from iPhone twitter app, which is 94% in the total. That means the twitter app is the main channel for people using to tweet, retweet, post, and others, while the TweetDeck and Twitter pretty rare (less than 1%).

#### Comparison on retweet and likes count

Correlation between 'retweet\_count' and 'favorite\_count' is 0.938 which denotes that both are almost linear.

#### Rating Ratio

Most of the dogs are rated more than 10 points out of 10. And thus the distribution is higher for 1.0 and above. Most of the dogs are getting 11 or 12 rating out of 10. So this rating is bit higher than 1.
